

## **MARS Dirt Car SERIES ROOKIE OF THE YEAR - WEST**

To qualify, the racer (he or she) shall not have raced more than 10 MARS Dirt Car Series races in the past 3 years. A driver must run 100% of races to qualify. Applications must be in by the 4<sup>th</sup> race of 2017.

Rookie points will be calculated separate from championship points to make it fair for the working racer so he or she can work and race without being penalized. Rookies will drop up to 4 races and only get 15 points for the dropped races. Example if (Rod) runs all the races he will get all the championship points he earns but on the rookie side of points he will take 4 races down to 15 points to make it the same as (Roscoe) that did not make it to 4 of the races. If only 2 or 3 is missed by (Roscoe) Then (Rod) will drop the same races as (Roscoe) to make it fair in love and war.

Rookie of the Year will receive the following items at the banquet for their effort:

- \$2,000.00 In Cash
- Certificate from Hatfield Racing Engines for \$1,500.00 for Rebuild
- Set of headers form Schoenfeld Header
- 2 Drums of Late Model + from VP
- Championship Ring Driver and Pendant for Wife
